## Tour introduction

### Day 1

### Home - Airplane - Yellowknife

---

All day

Welcome to Yellowknife, the capital of Canada's Northwest Territories! We will pick you up with our complimentary 24-hour pick-up service from the Yellowknife Airport (YZF). Our tour guide will be wearing a red Canada goose jacket and holding a pick-up sign with your name on it. Shortly after, the tour guide will drop you off at your hotel to check in.

Yellowknife Town is one of the three major aurora viewing places in the world! It has a very special geographical

location and natural conditions that allow the aurora to be seen approximately 240 days a year. When night falls, in order to stay away from the city's light pollution, we will drive to the Indian Hunting Tent Valley Camp. This special camp will provide hot drinks and snacks for guests. The guests will even have the opportunity to meet a native Indian hunter who will demonstrate their hunting methods and the wildlife they have caught. After the aurora appears, we will follow our guide to capture memorable photos which will be uploaded to the cloud for free downloads.

In the case of any heavy wind or snow, our experienced driver will take you to the lake or forest where it is also possible to see the aurora.

**Day 2**                      **Free time in Yellowknife - Vehicle - Aurora Viewing or Aurora Hunting**

All day

You are free today to participate in various activities at your own expense. In the afternoon, we will start a 1–2-hour city tour of the amazing town of Yellowknife! We will visit the Big Slave Lake, old city, the Indian reservation, the Pilot Monument, and many other fascinating attractions! You can also pick up a yellow knife and a polar certificate at the visitor center if you wish! In the evening, we will proceed to start the aurora tour again! We will continue to capture true moments that you will cherish for the rest of your life!

Recommended free activities in the morning: Century Square Mall

Morning

### **Dog Sledding Adventure**

Dog sledding was originally a common means of transportation for Eskimos, but today, it is a true outdoor experience during the winter! Today, you can experience the pleasure of a ride through the vast snowy sea or even play snow yo-yos which is a preferred indoor sport during the winter. You can even roast delicious marshmallows and pose with snowshoes while dog sledding.

Please be aware that there can only be 12-16 Alaskans/Huskies for 2-4 people on a 15-minute run by the forest lake.

### **Yellowknife Snowmobile**

There is nothing more exciting than driving a snowmobile! Unlike the motorcycles that we see on the road with wheels in our daily life, the snowmobiles in Yellowknife do not have wheels. The tracks of snowmobiles allows them to drive more stably in the snow. For safety reason, you will be equipped with a brand-new snowmobile and a heated helmet and escorted by a professional guide with years of experience.

## **Day 3**

### **Free time in Yellowknife - Vehicle - Aurora Viewing or Aurora Hunting**

All day

During the day you will enjoy free time in Yellowknife to explore the town or participate in local activities at your own expense.

When night falls, in order to avoid light pollution in the city, we will depart from the hotel at about 22:00 to the Tipi tent camp to capture the breathtaking aurora. There will be two experiences of camp and chasing the aurora light every night. The chasing light stops by the forests which are located by the lakes. Guests who do not want to chase the Aurora may choose to stay in the camp and wait for the aurora there instead.

**Great Places for Free Activities:** the tribal flag corridor next to the museum, the Frame Lake trail along the lake, and the Diamond Center to watch polished diamonds.

**Food Recommendation (at your own expense):** The hot and sour soup at the Gold Range is very delicious! In the early years, in order to welcome the Queen of England, they crafted special long spring rolls for her at the Prawn Fried Rice at Sushi Cafe.
