New York City Fortune Tour

Manhattan's financial dream blossomed in New York, where almost all the world's top financial institutions are

gathered. Today we will visit some classic landmark buildings in New York, the world's financial center, such as the Canyon of Heroes, Park Road Building, Trinity Church, New York Stock Exchange, Rockefeller Center, etc., to experience the rich financial and commercial atmosphere.

One World Trade Center Observatory

One World Trade Center, also known as the "Freedom Tower," stands on the site of the original World Trade Center, which collapsed during the September 11 attacks. At 1,776 feet, One World Trade Center is the tallest building in the United States and the third tallest in the world. This height commemorates the signing of the Declaration of Independence in 1776. Upon arrival, guests are greeted by a large video board featuring welcome messages in various languages, and their hometowns are highlighted on a dynamically generated world map. "Voices" offers a unique experience, where the story of the people who built the building recounts their experiences, while "Foundations" provides an up-close look at the bedrock on which the building stands. From the Global Welcome Center to the guest elevators featuring virtual time-lapse, to the breathtaking video displays, and finally to the Discovery Level with its 360- degree views, every detail is a welcome addition to this experience.

Liberty Cruise

Take the Statue of Liberty cruise around the island to start a one-hour tour of the Hudson River. On the way, you will see the Manhattan skyline and the scenery on both sides of the Hudson River, and overlook the Empire State Building and the World Trade Center. The cruise slowly passes by the Statue of Liberty, and you can clearly see the Statue of Liberty wearing a radiant crown, holding the torch of freedom, and holding the Declaration of Independence in her hand. It is magnificent and eye-catching, symbolizing the lofty ideals of the American people for freedom and their yearning and pursuit for a better life.

RiseNY

Step into a recreation of New York’s first City Hall subway station, where a short film by award-winning filmmaker Ric Burns, voiced by Jeff Goldblum, sweeps you through the city’s history. Next, explore seven immersive galleries alive with iconic artifacts, dazzling costumes, and pop culture treasures, co-curated with top museums across the country. The grand finale lifts you 40 feet into the air on a soaring 4D ride, flying over all five boroughs through a year of celebrations. Washington D.C. In-depth Tour

First, we'll visit the Air Force Memorial, composed of three curved steel columns over 80 meters long. Its design was inspired by the three white smoke trails left in the sky by the U.S. Air Force Thunderbirds during their aerobatic performances. The White House is a white neoclassical sandstone building covering an area of more than 73,000 square meters. It consists of the main building and the east and west wings. The White House is the office and residence of successive US presidents and is also synonymous with the US government. Many important US decision-making bills are signed and announced by the president in the White House. George Washington, the founding father of the United States, once expressed his views on the construction of the US President's residence: it must not be a palace, and it must not be luxurious, because the masters working here are servants of the state.

Lincoln Memorial

The Lincoln Memorial is a white ancient Greek temple-style building built to commemorate the 16th President of the United States, Abraham Lincoln. It is regarded as an eternal statue of the United States and a symbol of Washington. It is also the most famous rally for the pursuit of peace and democracy. Martin Luther King delivered his speech "I Have a Dream" here.

Vietnam Veterans Memorial

The Vietnam Veterans Memorial is located north of the Lincoln Memorial. It is a 500-foot-long V-shaped

monument made of black granite. It is used to commemorate the American soldiers and generals who died while serving in Vietnam during the Vietnam War. The glittering black marble wall is engraved with the names of more than 57,000 US soldiers who died in the Vietnam War between 1959 and 1975, in chronological order of the date of each person's death.
