The fur products, gold jewelry, mammoth ivory products, etc. here are very special. Make sure to grab a souvenir as you see these special things along the way. (Guests who arrive late will meet at the hotel lobby at about 10:00 the next morning and take part in the city tour).

Around 10:00 in the evening (please keep in mind that the departure time may be adjusted according to different seasons, subject to the time notified by the tour guide), we will take a car to the camp log cabin to watch the aurora. #### Night

#### **Whitehorse Aurora Viewing**

Considered one of the most beautiful wonders in nature, the aurora is a brilliant and colorful luminous phenomenon that occurs at night due to a stream of charged particles from the sun (solar wind) entering the earth's magnetic field, high in the sky near the north and south poles of the earth. It is brilliant. The most common color of aurora is green, with multiple layers of green overlapping each other, and the light and shadow are constantly dancing. Pursuing the aurora is the lifelong dream of many people. This splendid light on the Tianhe River has continuously aroused people's guesses and fantasies for thousands of years. Some people say that seeing the aurora represents good luck and happiness, and it must be seen once in a lifetime.
