We will firstly travel to Seattle Great Wheel, which is a giant Ferris wheel at Pier 57 on Elliott Bay in Seattle, Washington. With an overall height of 175 feet, it was the tallest Ferris wheel on the West Coast of the United States when it opened on June 29, 2012. Next stop is Kerry Park where visitors can have a panoramic city view of the entire Seattle. It is a perfect location for photography and if you see Space Needle with a backdrop of Mount Rainier in any marketing photos of Seattle, this is exactly where to take the pictures. In addition, the park was one of the many stops on the finale episode of the third season of Amazing Race. At the same time, we will visit Starbucks Reserve Roastery and Tasting Room. It is more like a modern coffee factory. You will witness the machines roasting the freshest coffee beans and grinding the most concentrated coffee powder. You can also open your mind up, order a cup of the most creative coffee, or enjoy the latest Starbucks products. Here you can also see the whole process of unsealing and baking

the original coffee beans.

Mount Rainier National Park

All day

Mount Rainier stands as an icon in the Washington landscape. Mount Rainier, also known as Tacoma, is the highest mountain of the Cascade Range of the Pacific Northwest, and the highest mountain in the state of Washington. Mount Rainier is an active volcano and has the most glaciated peak in the United States. It spawns five major rivers, and the top of the mountain is covered with snow all year round. When snow melts, water flows down in a large volume, and gives Rainier National Park the best waterfalls, vast lakes, and lush green forests.

Seattle → Rainier National Park → Longmire Museum (20 mins) → Narada Falls (40 mins) → Paradise Visitor Center (120 mins) → Return to Seattle

1. Along the way of Wonderland Trail, we will arrange parking for 1-2 attractions according to the actual situation:

2. In the case of heavy snowfall during the winter season, the schedule of going uphill at Mount Rainier National Park may be halted. We will instead enjoy the breathtaking views at the foot of the mountain instead.

Itinerary From 12/01 to 03/24:

Seattle → Rainier National Park → Longmire Museum (60 mins) → Washington State Capitol Building (60 mins) → Seattle

All day

Mt. Rainier National Park

Mount Rainier is circled by the Wonderland Trail and is covered by several glaciers and snowfields totaling some 35 square miles. Carbon Glacier is the largest glacier by volume in the contiguous United States, while Emmons Glacier is the largest glacier by area. About 1.8 million people visit Mount Rainier National Park each year. Mount Rainier is a popular peak for mountaineering with some 10,000 attempts per year with approximately 50% making it to the summit. Also, Mt. Rainier in WA is the tallest volcano of Mainland America, the 5th tallest mountain of the entire US territory. The mountain top is covered by snow all year round. When the snow melts, water flows down in large volume, which creates beautiful waterfalls and vast lakes, it also irrigates the forest land.

Longmire Museum

Located on the south side of Mount Rainier at 2,700 feet above sea level, Longmire Museum makes up part of the historic Longmire district. Once a ranger office, the building now houses historic exhibits about the park's natural and geological history, and animals. This small museum offers a good historical overview of the park, the Longmire family, and the Native Americans who once traveled through this area. You'll also find old photographs, and displays of local plants and animals. It's worth a quick stop.

Narada Falls

At only 150 feet from the road to Paradise, Narada Falls is the largest waterfall accessible by car in the park, and one of the most impressive. Here the Paradise River plunges over the edge of a relatively recent flow of hard andesite lava that abuts much older rock.

Paradise Visitor Center

Paradise is famous for its glorious views and wildflower meadows. When James Longmire's daughter-in-law, Martha, first saw this site, she exclaimed, "Oh, what a paradise!" The park's main visitor center, the Henry M. Jackson Memorial Visitor Center, is located in the upper parking area. Paradise is also the primary winter-use area in the park, receiving on average 643 inches (53.6 feet/16.3 meters) of snow a year.
