## Tour introduction

### Day 1

**Los Angeles - Vehicle - Las Vegas - Vehicle - St. George**

All day

Join us as we depart from Los Angeles and begin our pleasant journey! We will start off by passing through the Mojave Desert to enjoy the barren landscape decorated by Joshua trees! Following, we will arrive in Las Vegas at noon and then continue our journey to St. George Utah, to stay there overnight.

**Itinerary:**

**Los Angeles → Las Vegas → St. George**

Night

Hotel: Red Lion Hotel & Conference Center St. George; similar

## Day 2

**Lower Antelope Canyon - Vehicle - Horseshoe Bend - Vehicle - Salt Lake City**

---

All day

In the morning, we will be traveling to Lower Antelope Canyon and Horseshoe Bend! Horseshoe bend is one of the world's top ten photographic sites! We will then follow our local Navajo Indian guide into the Lower Antelope Canyon. Shortly after, we will head to Horseshoe Bend. The Colorado River turns 360 degrees into a reddish-brown canyon, cutting into a horseshoe-shaped canyon, from which horseshoe Bend is named after. Finally, we will drive to Salt Lake City and stay there overnight.

### Itinerary:

**St. George → Glen Canyon** (pass by) → **Lower Antelope Canyon** (optional, 90 mins) → **Horseshoe Bend** (Mandatory fee, 60 mins) → **Salt Lake City**

Morning

### Lower Antelope Canyon

Lower Antelope Canyon is a slot canyon in the American Southwest, on Navajo Land east of Page, Arizona. Upon arrival at the Lower Antelope Canyon, you will be able to get off the truck and step into the desert and enter the amazing desert world. The tour guides will explain some geology, culture, history and insights about the place. By walking through the sandstone walls of the Lower Antelope Canyon, you will be immersed in its beauty.

### Horseshoe Bend

Horseshoe Bend has been featured as a landmark for Glen Canyon National Recreation Area, Grand Canyon National Park, the Cities of Page AZ, Kanab UT, St George UT, and the Navajo Nation. Boundary lines are very close in some places. About nine miles downstream is where Grand Canyon National Park truly begins. A social media darling, Horseshoe Bend has become one of the most recognized and visited places in the Glen Canyon National Recreation Area.

Night

Hotel: Clarion Inn Salt Lake Airport; similar

## Day 3

**Salt Lake City - Vehicle - Jackson - Vehicle - Grand Teton National Park - Vehicle - Yellowstone**

---

## National Park

---

Morning Breakfast

### Breakfast Included

All day

Today we will leave Salt Lake City and travel to Jackson Wyoming, a famous cowboy town as well as a world's renowned vacation destination. Be sure to visit the Jackson Town Square with Elk Antler Arches located in the center of Jackson and Grand Teton National Park! Following, we will head over to Yellowstone in the afternoon! Yellowstone is home to world's largest super volcano and over 10,000 geothermal features. Here you can find everything you expect to see in a national park! Snow covered mountains, waterfalls, lakes, rivers, canyons, meadows, herds of buffalos, elks and the most amazing geothermal features in the world! We will even take a look at the Grand Prismatic Spring, Old Faithful Geyser, West Thumb, and wildlife up close and spend the night in West Yellowstone.

### Itinerary:

**Salt Lake City → Jackson → Jackson Town Square with Elk Antler Arches (60 mins) → Grand Teton National Park** (Mandatory fee, 60 mins) → **Yellowstone National Park** (Mandatory fee, 3 hours, Head to visit West Thumb Geyser Basin, Old Faithful Geyser, Grand Prismatic Hot Spring, Palette, Biscuit Basin and other attractions. The tour guide will be adjusted according to the actual situation of the day, please refer to the actual arrangement.) → **West Yellowstone**

### Notes:

1. The East Gate of Yellowstone National Park is expected to open on 05/02/2025. Before that, the following attractions: Upper and Lower Falls, Artist Point, Hayden Canyon, Mud Volcano, Fishing Bridge, West Thumb Geyser will not be accessible. Please understand.
2. The South Gate of Yellowstone National Park is expected to open on 05/10/2025. Therefore, West Thumb Geyser will not be accessible from 05/02/2025 to 05/09/2025. Please understand.

Morning

### Jackson Town Square with Elk Antler Arches

Jackson Town Square has four arches and is made with thousands of elk antlers that make it so unique. It is such an amazing place to discover filled with unforgettable memories.

Afternoon

### Grand Teton National Park

Grand Teton National Park is located in the Rocky Mountains, Northwest Wyoming. Grand Teton National Park is noted

for its stunning mountain vistas and its shimmering alpine lakes. It is also home to a variety of abundant wildlife.

### **Yellowstone National Park**

Yellowstone National Park, the first national park in the United States, is a true gem that you will not want to miss out on! Yellowstone offers spectacular scenic views year-round and a chance to watch animals that migrate in and out of the park! No matter where you are in the park you will get to see these spectacular animals! Here you will find bears, wolves, moose, elk, bison and more!

### **West Thumb Geyser Basin**

The West Thumb Geyser Basin is situated at the western edge of a large bay along the shores of Yellowstone Lake. This area is known as the West Thumb caldera which was formed by a volcanic eruption that took place 174,000 years ago. This bay is actually a smaller caldera within the larger Yellowstone caldera. The resulting caldera filled with water, creating the bay.

### **Old Faithful Geyser**

Old Faithful is a cone geyser in the Upper Geyser Basin of Yellowstone National Park. It is one of the park's most well-known natural features and is famous for its predictability. It generally erupts every 91 minutes.

### **The Grand Prismatic Hot Spring**

The Grand Prismatic Spring, approximately 370 feet (110 m) in diameter and 160 feet (50 m) deep, discharges an estimated 560 US gallons (2,100 L) of 160 °F (70 °C) water per minute. It is the largest hot spring in the United States, and the third largest in the world. The vivid colors in the spring are the result of microbial mats around the edges of the mineral-rich water. The mats produce colors ranging from green to red; the amount of color in the microbial mats depends on the ratio of chlorophyll to carotenoids and on the temperature gradient in the runoff. In the summer, the mats tend to be orange and red, whereas in the winter the mats are usually dark green. The center of the pool is sterile due to extreme heat.

### **Fountain Paint Pot**

The Fountain Paint Pot is named for the reds, yellows and browns of the mud in this area. The differing colors are derived from oxidation states of the iron in the mud. As with all hot springs, the heat in the caldera forces pressurized water up through the ground, which is expelled here. Also, rising gases cause the bubbling action. The bubble action in the mud varies with the seasons.

### **Night**

Hotel: Yellowstone Country Inn; Dude & Roundup; Travelers Lodge; similar

## Day 4

## Yellowstone National Park - Vehicle - Rocky Mountain - Vehicle - Gillette

---

All day

Continue to explore the beauty of Yellowstone National Park with us this morning! Today we will explore Norris Geyser Basin, the Upper Yellowstone Falls and a few more great wonders of Yellowstone! We will even cross the Great Backbone of North America known as the Rocky Mountains in the afternoon and enjoy the breathtaking scenic views along the way! We will also be staying overnight in Gillette.

### Itinerary:

**West Yellowstone → Yellowstone National Park** (4 hours, stop at Yellowstone Norris Geyser Basin, Upper Yellowstone Falls, Artist Point and other attractions. Passing by Mud Volcano Area, Hayden Valley, Fishing Bridge. The tour guide will be adjusted according to the actual situation of the day, please refer to the actual arrangement.) → **Gillette**

### Notes:

1. The East Gate of Yellowstone National Park is expected to open on 05/02/2025. Before that, the following attractions: Upper and Lower Falls, Artist Point, Hayden Canyon, Mud Volcano, Fishing Bridge, West Thumb Geyser will not be accessible. Please understand.
2. The South Gate of Yellowstone National Park is expected to open on 05/10/2025. Therefore, West Thumb Geyser will not be accessible from 05/02/2025 to 05/09/2025. Please understand.

All day

### Yellowstone National Park

Yellowstone National Park, the first national park in the United States, is a true gem that you will not want to miss out on! Yellowstone offers spectacular scenic views year-round and a chance to watch animals that migrate in and out of the park! No matter where you are in the park you will get to see these spectacular animals! Here you will find bears, wolves, moose, elk, bison and more!

### Yellowstone Norris Geyser Basin

Norris Geyser Basin, named after an early Yellowstone Superintendent, may be the hottest geyser basin in Yellowstone. The stark, barren landscape of Porcelain Basin is the result of the acidic environment. Due to the hostile condition plants, algae and bacteria have difficulty in establishing themselves. Instead, the basin derives its colors from mineral oxides, in spectrums of pink, red, orange (iron oxides) and yellow (sulfur and iron sulfates). The largest geyser in the world is located here. Steamboat Geyser has long periods of dormancy, but when it does erupt it sends jets of water nearly 380 feet high in a spectacular display.

### Upper Yellowstone Falls

Located a quarter mile upstream of the larger Lower Falls, the Upper Yellowstone River Falls plunge 109 feet down an eroded lava cliff into the basin below. The area below the falls has been subject to heavier erosion than above.

### Artist Point

Artist Point is one of the most spectacular scenic areas in the Canyon Area of the Park. The sheer walls drop 700 feet to the bottom of the canyon. Upriver the powerful Lower Falls are still in view. Downriver the canyon widens and deepens to a maximum of 1,540 feet. The canyon walls are predominantly yellow but colors of blue, red, orange and brown are also present. The colors are ever changing and especially intensified after a rain with bright sunshine.

### Mud Volcano Area

The Mud Volcano blew itself apart in the early 20th century, but visitors can still see the impressive crater and other geothermal features in the surrounding area, such as the Mud Cauldron, Black Dragon's Caldron, and Dragon's Mouth Spring.

Night

Hotel: Comfort Inn & Suites Gillette near Campbell Medical Center; similar

## Day 5

**Devil's Tower** - Vehicle - **Mount Rushmore** - Vehicle - **Crazy Horse Monument** - Vehicle - **Casper**

All day

Explore Devil's Tower with us this morning! The tower rises 1,267 feet above the valley, the hexagonal columns that make up the tower are truly unique and rare, and the tallest in the world! The tower is also featured in the famous movie "Close Encounters of the Third Kind." Our next stop is the most famous icon of the United States at the Mt. Rushmore National Memorial! George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln, look down from their stony height and remind everyone even impossible is possible! Finally, we will arrive at Crazy Horse Indian Memorial and sightsee the world's largest mountain carving: Crazy Horse! We will also be staying overnight in Casper.

### Itinerary:

**Gillette → Devil's Tower** (Mandatory fee, 90 mins) → **Mount Rushmore** (Mandatory fee, 90 mins) → **Crazy Horse Monument** (Mandatory fee, 45 mins) → **Casper**

Morning

### Devil's Tower

Devils Tower is a laccolithic butte composed of igneous rock in the Bear Lodge Mountains. The name Devil's Tower originated in 1875 during an expedition led by Colonel Richard Irving Dodge, when his interpreter reportedly

misinterpreted a native name to mean "Bad God's Tower". All information signs in that area use the name "Devils Tower", following a geographic naming standard whereby the apostrophe is omitted.

Afternoon

### **Mount Rushmore National Memorial**

Mount Rushmore National Memorial is centered around a sculpture carved into the granite face of Mount Rushmore. Mount Rushmore features 60-foot sculptures of the heads of four United States presidents: George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln.

### **Crazy Horse Monument**

Crazy Horse Memorial is a mountain monument under construction on privately held land in the Black Hills, in Custer County, South Dakota, United States. It depicts the Oglala Lakota warrior, Crazy Horse, riding a horse and pointing to his tribal land. The monument is being carved out of Thunderhead Mountain, on land considered sacred by some Oglala Lakota, between Custer and Hill City, roughly 17 miles (27 km) from Mount Rushmore. The monument has been in progress since 1948 and is far from completion. If completed as designed, it will become the world's second tallest statue, after the Statue of Unity.

Night

Hotel: Ramkota Hotel - Casper; similar

## **Day 6**

### **Independent Rock - Vehicle - Salt Lake City**

---

Morning Breakfast

#### **Breakfast Included**

All day

Today we will begin our journey by driving to the Independent Rock State Historic Site! Independence Rock was a key landmark for pioneers as they picked their way across the American frontier. Hundreds of names have been carved into the hard stone over the years. Following, we will drive to Salt Lake City and visit the Capitol Hill which is also known as the most expensive and magnificent State House the United States! Then, we will take a walk in the State Capitol building to be amazed by the surrounding architecture, sculptures, and the rich historical information. Next up will be Temple Square! We will take a look and follow the Mormon Missionary sisters' lead to see the virtue kingdom at the LDS church to learn about the history and teachings of the LDS Church.

**Itinerary:**

**Casper → Independent Rock (60 mins) → Salt Lake City → Utah State Capitol (30 mins) → Temple Square (45 mins)**

Afternoon

**Utah State Capitol**

The Utah State Capitol is the house of government for the U.S. state of Utah. The building houses the chambers and offices of the Utah State Legislature, the offices of the Governor, Lieutenant Governor, Attorney General, the State Auditor and their staffs. The capital is the main building of the Utah State Capitol Complex, which is located on Capitol Hill, overlooking downtown Salt Lake City. The Neoclassical revival, Corinthian style building was designed by architect Richard K.A. Kletting and built between 1912 and 1916. The building was added to the National Register of Historic Places in 1978.

**Temple Square**

Temple Square is a 10-acre (4.0 ha) complex, owned by The Church of Jesus Christ of Latter-day Saints (LDS Church), in the center of Salt Lake City. Contained within Temple Square are the Salt Lake Temple, Salt Lake Tabernacle, Salt Lake Assembly Hall, the Seagull Monument, and two visitors' centers. The square was designated a National Historic Landmark District in 1964, recognizing the Mormon achievement in the settlement of Utah.

Night

Hotel: Clarion Inn Salt Lake Airport; similar

**Day 7****Salt Lake City - Airplane - Home**

---

Morning Breakfast

**Breakfast Included**

All day

Today we will visit the Great Salt Lake to enjoy the beautiful scenery! Known as "America's Dead Sea," Great Salt Lake is the largest saltwater lake in the Western Hemisphere! The water's salt level is high enough to allow people to float in the lake! The tour guide will arrange for you to light rail or Uber or hotel shuttle to the airport, and it is recommended to book a flight departing after 12:00.

**Itinerary:**

**Salt Lake City → Great Salt Lake (Mandatory fee, 30 mins) → Salt Lake City International Airport (SLC)**

Morning

### Great Salt Lake

Great Salt Lake, lake in northern Utah, U.S., the largest inland body of salt water in the Western Hemisphere and one of the most saline inland bodies of water in the world. The lake is fed by the Bear, Weber, and Jordan rivers and has no outlet. The lake has fluctuated greatly in size, depending on the rates of evaporation and the flow of the rivers that feed it. Like the Dead Sea, the Great Salt Lake exists within an arid environment and has chemical characteristics like that of the oceans. However, it has a much greater salinity than the oceans, since natural evaporation exceeds the supply of water from the rivers feeding the lake.

### Cost Description

#### Cost includes

---
