Canyonlands National Park is an American national park located in southeastern Utah near the town of Moab. The park preserves a colorful landscape eroded into numerous canyons, mesas, and buttes by the Colorado River, the Green River, and their respective tributaries. While these areas share a primitive desert atmosphere, each retains its own character. The Island in the Sky mesa rests on sheer sandstone cliffs towering over 1,000 feet (304 m) above the surrounding terrain. Every overlook offers a different perspective on Canyonlands' spectacular landscape. Island in the Sky is the easiest area of Canyonlands to visit in a short period of time, offering many pullouts with spectacular views along the paved scenic drive.

Arches National Park

Arches National Park lies north of Moab in the state of Utah. Bordered by the Colorado River in the southeast, it's known as the site of more than 2,000 natural sandstone arches, such as the massive, red-hued Delicate Arch in the east. A long, thin Landscape Arch stands in Devils Garden to the north. Other geological formations include Balanced Rock, towering over the desert landscape in the middle of the park.

Monument Valley is a region of the Colorado Plateau characterized by a cluster of vast sandstone buttes, the largest reaching 1,000 ft above the valley floor. It is located on the Arizona–Utah state line, near the Four Corners area. Monument Valley has been featured in many forms of media since the 1930s. Director John Ford used the location for a number of his best-known films and thus, in the words of critic Keith Phipps, "its five square miles [13 square kilometers] have defined what decades of moviegoers think of when they imagine the American West."

Horseshoe Bend

Horseshoe Bend has been featured as a landmark for Glen Canyon National Recreation Area, Grand Canyon National Park, the Cities of Page AZ, Kanab UT, St George UT, and the Navajo Nation. Boundary lines are very close in some places. About nine miles downstream is where Grand Canyon National Park truly begins. A social media darling, Horseshoe Bend has become one of the most recognized and visited places in the Glen Canyon National Recreation Area.

Lower Antelope Canyon

Lower Antelope Canyon is a slot canyon in the American Southwest, on Navajo Land east of Page, Arizona. Upon arrival at the Lower Antelope Canyon, you will be able to get off the truck and step into the desert and enter the amazing desert world. The tour guides will explain some geology, culture, history and insights about the place. By walking through the sandstone walls of the Lower Antelope Canyon, you will be immersed in its beauty.
