### Grand Canyon National Park

Grand Canyon National Park, located in northwestern Arizona, is the 15th site in the United States to have been named as a national park. The park's central feature is the Grand Canyon, a gorge of the Colorado River, which is often considered one of the Wonders of the World. The park, which covers 1,217,262 acres of unincorporated area in Coconino and Mohave counties, has received more than six million recreational visitors in 2017, which is the second highest count of visits in all American national parks after the Great Smoky Mountains National Park. The Grand Canyon was designated a World Heritage Site by UNESCO in 1979.

### Horseshoe Bend

Horseshoe Bend – One of the top ten best photography spots in the United States selected by National

Geographic Magazine! The dense aquatic plants on the Colorado River bed make the river water appear fluorescent green in the sun. The river turns 360 degrees in the reddish-brown canyon here, cutting out a horseshoe-shaped canyon, hence the name Horseshoe Bend. Standing on the edge of the cliff, you will be intoxicated by the breathtaking beauty of the blue water, blue sky and red rocks.

## Day 4

**Page - Vehicle - Antelope Canyon - Vehicle - Lake Powell - Vehicle - Las Vegas**

---

All day

Antelope Canyon is one of the top ten sites in all of the world for photography! It consists of the upper and lower canyons; the upper canyon is the Navajo word for "water through the rocks" and lower canyon means "arch-shaped spiral rock." In here, visitors are always amazed by this wavy canyon rock formation! It is a true natural beauty! Enjoy a scenic ride on the Colorado Plateau towards Lake Powell National Recreation Area.

### Itinerary:

**Page → Antelope Canyon** (Optional, 120 mins) → **Lake Powell** (Mandatory, 90 mins, you can experience kayaking at your own expense) → **Las Vegas** (Optional for Night View Tour)

### Special note:

1. During the kayaking period from 03/20/2025 to 10/23/2025, you can experience kayaking at your own expense. During other time periods, kayaking is closed and the stay time at Lake Powell will be adjusted to 60 minutes.

All day

### Lower Antelope Canyon

The Lower Antelope Canyon is located in the north of Arizona, USA. It is formed by soft sandstone after millions of years of various erosion forces. Flash floods often flow into the canyon during the monsoon season. Due to the sudden increase in rainfall, the flow rate of the flash flood is quite fast. In addition, the narrow channel narrows the river channel, so the vertical erosion force is relatively large, forming the corridor at the bottom of the Lower Antelope Canyon and the hard and smooth edges on the valley wall that look like flowing water. There is no artificial lighting in the Lower Antelope Canyon. All visible light comes from the cracks at the top of the canyon. These lights are repeatedly refracted by the rock texture and enter the valley bottom, producing a dreamy and irregular color change. These colors are from deep to light, colorful and beautiful.

## Lake Powell

The land belongs to the joint development area of Indians and national parks. In addition to its huge amount of water, Lake Powell also has one of the rare wonders in the world, the water canyon. It is like a jasper embedded in the red orange Colorado Plateau, and it is also a fjord in the Grand Canyon. You can pass by the Glenn Dam, stop by the shore of Lake Powell to take pictures, or take a kayak through one of the most famous troughs in the world, have an intimate encounter with Lake Powell, and enjoy the beautiful panoramic view of Lake Powell.

## Day 5

### Las Vegas - Vehicle - Los Angeles

All day

In the morning, follow the experienced tour guide to the Las Vegas Internet celebrity welcome sign to check in, and then go to the most popular Internet celebrity attraction on the avenue - M&M Chocolate World and the Coca-Cola theme store connected to it. The colorful chocolate beans, the peculiar taste of Coca-Cola, and the dazzling array of peripheral products will give you an in-depth understanding of the commodity culture of the two giants during the tour. You can also watch 3D movies in the four-story Chocolate World and get a different viewing experience in the sweet air. Then come to the newly opened Fly Over Las Vegas, the latest optoelectronic technology + electric riding + 4D experience, and enjoy the beauty of Las Vegas and the surrounding areas from a different perspective. Farewell to the gambling city, we went to the Internet celebrity attraction - the colorful Stonehenge. Arrive at Barstow Outlets in the afternoon to enjoy the fun of shopping, and arrive in Los Angeles in the evening.

### Itinerary:

**Welcome To Fabulous Las Vegas Sign & M&M Chocolate World & Coca-Cola theme store** (Mandatory, 60 mins) → **Fly over Las Vegas** (Optional, 25 mins) → **Seven Magic Mountains** (30 mins) → **Outlets at Barstow** (120 mins) → **Los Angeles**

All day

### M&M'S Las Vegas

The M&M's Las Vegas store is a 28,000 square foot, four-level monument M&M's store and was the first store location ever. In just 2 minutes, guests can create their very own one-of-a-kind M&M's with the personal printer. And, before you go, make sure to keep that sweet tooth satisfied with your favorite chocolate!

### Coca-Cola Store Las Vegas

There are only two Coca-Cola theme stores in the world, satisfying all your fantasies about Coca-Cola! The main entrance of the theme store is a four-story-high classic Coca-Cola bottle. The store is full of various products, from toys, stationery, aprons to clothing, table lamps, accessories, all of which are printed with the "Coca-Cola" trademark. This is also a paradise for collectors. The store sells Coca-Cola made in different countries in different eras. The various languages printed on the bottles are definitely the best souvenirs. You can also take a photo with the Coca-Cola polar bear on the first floor.

### FlyOver Las Vegas

Experience a Las Vegas ride like no other on the Las Vegas Boulevard! Feel the magic of flight through immersive, state-of-the-art technology that lets you dip, dive and glide over awe-inspiring landscapes without leaving The Strip. This is such an interesting adventure that takes you through volcanoes, glaciers, the West over vast prairies and towering peaks, and through electric urban spaces and so much more!

### Seven Magic Mountains

Across the desert south of Las Vegas, Nevada, rises a large, colorful anomaly. Seven colossal stone forms defy gravity with their teetering formations. Mediating between geological formations and abstract compositions, Rondinone's Seven Magic Mountains consists of locally sourced limestone boulders stacked vertically in groups ranging between three and six. Each stone boasts a different fluorescent color, and each individual totem stands between thirty and thirty-five feet high. The artwork extends Rondinone's long-running interest in natural phenomena and their reformulation in art.

### Outlets at Barstow

Barstow Outlets is located in the desert, on the only way from Las Vegas to Los Angeles. There are not many first-tier luxury brands in this Outlets, but mostly second tier brands, especially local brands within the States. The collections are relatively complete and concentrated, and the service is also quite good, making it a comfortable shopping experience to close out the day.
