產品特色
Whitehorse, the northernmost city in Canada, is known as one of the cities with the best quality of fresh air in

the world! It is also a world-renowned spot for chasing the beautiful aurora light.

- Join us for a special 5-day and 4-night tour with a very high viewing probability! It may even be possible to see the extremely rare red aurora!

.

Optional Winter Activities: Enjoy a variety of seasonal adventures including dog sledding, snow tubing, and snowshoeing. Alternatively, step back in time with a visit to the town of Carcross and trace the footsteps of fortune seekers from the gold rush days.

- Upgrade Your Stay: We now offer more hotel choices! For an enhanced accommodation experience, guests can opt for a paid upgrade to the Sternwheeler Hotel, Raven Inn, or Hyatt Place.

行程介紹

Day 1 Home - 飛機 - Whitehorse

全天

Today, you will fly into Whitehorse, the northernmost city on the west coast of Canada to experience the beauty of

the northern lights! Take a look at the Yukon River which flows through White Horse City. The name originates from the White Horse City town and the water that is stirred up is as high as a white horse.

Guests with an earlier flight will start a city tour: On the city tour guests will visit the steamship "Klondike." Guests will also take a look at the steamship of the Klondike gold rush, tour the Yukon Valley, visit the visitor center (closed on winter weekends), visit the symbol of the White Horse - the White Horse Iron plastic, log church and log skyscraper. The fur products, gold jewelry, mammoth ivory products, etc. here are very special. Make sure to grab a souvenir as you see these special things along the way. (Guests who arrive late will meet at the hotel lobby at about 10:00 the next morning and take part in the city tour).

Around 22:00, we set out by vehicle to the areas surrounding Whitehorse. The exact time varies by season and will be announced by your guide. Then, the search for the Northern Lights begins! We will return to the hotel for rest in the early morning.

晚上

Whitehorse Aurora Viewing

Considered one of the most beautiful wonders in nature, the aurora is a brilliant and colorful luminous phenomenon that occurs at night due to a stream of charged particles from the sun (solar wind) entering the earth's magnetic field, high in the sky near the north and south poles of the earth. It is brilliant. The most common color of aurora is green, with multiple layers of green overlapping each other, and the light and shadow are constantly dancing. Pursuing the aurora is the lifelong dream of many people. This splendid light on the Tianhe River has continuously aroused people's guesses and fantasies for thousands of years. Some people say that seeing the aurora represents good luck and happiness, and it must be seen once in a lifetime.
