#### Tour introduction

##### Day 1

##### Los Angeles - Vehicle - Las Vegas

All day

Today we will leave Los Angeles and drive through the scenic Mojave Desert until our final destination in Las Vegas - The Pearl in the Desert! You will have the chance to explore what this city has to offer. You may join our Las Vegas Night Tour or watch one of the many award-winning shows!

#### Itinerary:

**Los Angeles → Las Vegas → Las Vegas Night Tour** (Optional)

Morning Transportation: Drive from Los Angeles to Las Vegas

Travel distance: 270mi Travel time: 4Hour30Minute

Night

### **Las Vegas Night View Tour**

When night falls and the lights come on, the gambling city is a sea of neon lights and a colorful world of light and shadow. The electricity consumption of the five-kilometer-long Las Vegas Strip in one night can supply a city of 500,000 people with electricity for a year. The architecture here is a fusion of the best from all over the world. It is a well-deserved miracle of human engineering and the city with the most American characteristics!

Night

Hotel: Fontainebleau Las Vegas; The STRAT Hotel, Casino & Tower; similar

Night

\*Valid only for check-in dates: 05/11/2026, 05/13/2026, 05/18/2026, 05/19/2026. The recommended hotel is The STRAT Hotel, Casino & Tower or similar.

## **Day 2**

**South Rim Grand Canyon - Vehicle - East Rim Grand Canyon - Vehicle - Horseshoe Bend - Vehicle - Page**

All day

Welcome to Arizona, known as the Grand Canyon state and originally part of the Spaniard and Mexican territories, received its statehood in 1912! Let us begin and see what we will get to explore today and what this gorgeous state must truly offer! First, we will take a helicopter ride across the Grand Canyon. Following, we will explore the South and East Rim of the Grand Canyon! Finally, we will visit the magnificent Horseshoe Bend and then head over to Page, AZ.

### **Itinerary:**

**Las Vegas → Helicopter tour across Grand Canyon** (optional, 30 mins) → **Grand Canyon National Park South Rim** (Mandatory, 40 mins) → **Grand Canyon National Park East Rim** (Mandatory, 45 mins) → **Horseshoe Bend** (Mandatory, 60 mins) → **Page**

Morning Transportation: Drive from Las Vegas to Grand Canyon National Park

Travel distance: 275mi Travel time: 4Hour30Minute

Morning

### **Grand Canyon National Park**

Grand Canyon National Park, located in northwestern Arizona, is the 15th site in the United States to have been named as a national park. The park's central feature is the Grand Canyon, a gorge of the Colorado River, which is often considered one of the Wonders of the World. The park, which covers 1,217,262 acres of unincorporated area in Coconino and Mohave counties, has received more than six million recreational visitors in 2017, which is the second highest count of visits in all American national parks after the Great Smoky Mountains National Park. The Grand Canyon was designated a World Heritage Site by UNESCO in 1979.

Afternoon Transportation: Drive from Grand Canyon National Park to Horseshoe Bend

Travel distance: 110mi Travel time: 2Hour

Afternoon

### **Horseshoe Bend**

Horseshoe Bend – One of the top ten best photography spots in the United States selected by National Geographic Magazine! The dense aquatic plants on the Colorado River bed make the river water appear fluorescent green in the sun. The river turns 360 degrees in the reddish-brown canyon here, cutting out a horseshoe-shaped canyon, hence the name Horseshoe Bend. Standing on the edge of the cliff, you will be intoxicated by the breathtaking beauty of the blue water, blue sky and red rocks.

Afternoon Transportation: Drive from Horseshoe Bend to the hotel

Travel distance: 3mi Travel time: 5Minute

Night

Hotel: Hampton Inn & Suites Page - Lake Powell; similar

## **Day 3**

**Lake Powell Kayaking** - Vehicle - **Lower Antelope Canyon** - Vehicle - **Bryce Canyon National Park**

Morning Breakfast

**Breakfast Included**

All day

Lake Powell is nation's second-largest artificial lake which is surrounded by 96 side canyons. We will drive to Lower Antelope Canyon which is known as one of the world's top ten most famous photographic locations! We will then explore the beauty of Bryce Canyon National Park and then drive to Salt Lake City to stay overnight.

### **Itinerary:**

**Lake Powell Kayaking** (Optional, 60 mins) → **Glen Canyon** (Pass-by) → **Lower Antelope Canyon** (Optional, 90 mins) → **Bryce Canyon National Park** (Mandatory, 60 mins)

Morning Transportation: Drive from the hotel to Lake Powell

Travel distance: 5mi Travel time: 10Minute

Morning

### **Lake Powell**

The land belongs to the joint development area of Indians and national parks. In addition to its huge amount of water, Lake Powell also has one of the rare wonders in the world, the water canyon. It is like a jasper embedded in the red orange Colorado Plateau, and it is also a fjord in the Grand Canyon. You can pass by the Glenn Dam, stop by the shore of Lake Powell to take pictures, or take a kayak through one of the most famous troughs in the world, have an intimate encounter with Lake Powell, and enjoy the beautiful panoramic view of Lake Powell.

Morning Transportation: Drive from Lake Powell to Lower Antelope Canyon

Travel distance: 10mi Travel time: 20Minute

Morning

### **Lower Antelope Canyon**

The Lower Antelope Canyon is located in the north of Arizona, USA. It is formed by soft sandstone after millions of years of various erosion forces. Flash floods often flow into the canyon during the monsoon season. Due to the sudden increase in rainfall, the flow rate of the flash flood is quite fast. In addition, the narrow channel narrows the river channel, so the vertical erosion force is relatively large, forming the corridor at the bottom of the Lower Antelope Canyon and the hard and smooth edges on the valley wall that look like flowing water. There is no artificial lighting in the Lower Antelope Canyon. All visible light comes from the cracks at the top of the canyon. These lights are repeatedly refracted by the rock texture and enter the valley bottom, producing a dreamy and irregular color change. These colors are from deep to light, colorful and beautiful.

Afternoon Transportation: Drive from Lower Antelope Canyon to Bryce Canyon National Park

Travel distance: 155mi Travel time: 2Hour

Afternoon

### **Bryce Canyon National Park**

Bryce Canyon National Park, located in southwestern Utah, is not a true canyon, despite its name. Instead, it forms a vast natural amphitheater formed by erosion along the eastern face of the Ponsagant Plateau. Its unique geological formations, known as rock pillars, are formed by wind, river water, and ice erosion, along with sedimentary rocks from lakebeds. The red, orange, and white rocks within these formations create a unique natural landscape, earning it the nickname "Palace of Natural Stone Figurines."

Afternoon Transportation: Drive from Bryce Canyon National Park to the hotel

Travel distance: 265mi Travel time: 4Hour

Night

Hotel: Provo Marriott Hotel & Conference; Embassy Suites by Hilton Salt Lake West Valley City; similar

## **Day 4**

### **Jackson Hole - Vehicle - Grand Teton National Park - Vehicle - Yellowstone National Park**

All day

Today, we will travel to Jackson, a famous cowboy town and one of the world's renowned vacation destinations. Be sure to visit the Jackson Town Square with Elk Antler Arches located in the center of Jackson. Afterwards, we will travel along the Snake River to Grand Teton National Park. Then, we head into Yellowstone National Park! The first of its kind, Yellowstone is home to the world's largest super volcano and over 10,000 geothermal features. Here, you can find everything you expect to see in a National Park!

#### **Itinerary:**

**Hotel → Jackson Hole → Jackson Town Square with Elk Antler Arches** (60 mins) → **Grand Teton National Park** (Mandatory, 60 mins) → **Yellowstone National Park** (Mandatory, 40 mins, Stop at West Thumb Geyser Basin) → **West Yellowstone**

#### **Notes:**

1. The East Gate of Yellowstone National Park is expected to open on 05/02/2026. Before that, the following attractions: Upper and Lower Falls, Artist Point, Hayden Canyon, Mud Volcano, Fishing Bridge, West Thumb

Geyser will not be accessible. Please understand.

2. The South Gate of Yellowstone National Park is expected to open on 05/10/2026. Therefore, West Thumb Geyser will not be accessible from 05/02/2026 to 05/09/2026. Please understand.

Morning Transportation: Drive from the hotel to Jackson Town Square with Elk Antler Arches

Travel distance: 295mi Travel time: 5Hour30Minute

Afternoon

### **Jackson Town Square with Elk Antler Arches**

The park is not big, but there are giant arches made of deer antlers in the four directions of east, west, south and north. The antlers are all sharp, but they are not obtained by hunting. Every winter, a large number of elk come from the mountains to the "National Elk Refuge" in Jackson to spend the winter. In the spring, the antlers fall off naturally and are replaced. After the elk leave, countless treasures are left everywhere.

Afternoon Transportation: Drive from Jackson Town Square with Elk Antler Arches to Grand Teton National Park

Travel distance: 5mi Travel time: 10Minute

Afternoon

### **Grand Teton National Park**

Grand Teton National Park was established on February 26, 1929. There are 300 kilometers of trails in Grand Teton National Park. There are many lakes in the park, including Jackson Lake and Jenny Lake. Most of the area of Grand Teton National Park is located in the Rocky Mountains, and the natural scenery is very magnificent. In addition, Grand Teton National Park also has extremely rich biological resources, including American bison, grizzly bears, black bears, moose, etc.

Afternoon Transportation: Drive from Grand Teton National Park to Yellowstone National Park

Travel distance: 135mi Travel time: 3Hour

Afternoon

### **Yellowstone National Park**

Located in the Rocky Mountains, known as the "backbone of America", it is located on the lava plateau between the Northern Rockies and the Central Rockies in the western United States. The geothermal wonders are its hallmark, a primitive landscape of the earth forged by water and fire. The natural landscape in the park is divided

into five major areas, namely the Mammoth Area, the Roosevelt Area, the Canyon Area, the Geyser Area and the Lake Area, each with its own characteristics. It exceeds the limits of human art and is the most wonderful and spectacular scenery on the surface of the earth.

### West Thumb Geyser Basin

The West Thumb Geyser Basin, located on the edge of Yellowstone Lake, was formed 150,000 years ago by the collapse of the earth's crust. The combination of hot springs and lake water has created a wonderful misty landscape: the misty area is the steam of hot springs, and the green waves are the water of Yellowstone Lake, which complements the blue sky and white clouds in the background, forming a landscape different from other hot spring areas in Yellowstone. This area is equivalent to the bay of Yellowstone Lake, where many geysers gather. The colors of the water outlets vary, some are transparent green, and some are dark black like cement. Many water outlets present a beautiful fantasy.

Night

Hotel: White Buffalo West Yellowstone; similar

## Day 5

### Yellowstone National Park (Full Day)

All day

Enjoy a full-day adventure in Yellowstone today! We appreciate the elegance of Yellowstone, such as Yellowstone Lake, mud volcano, Upper Falls, Artist Point, Mammoth Hot Springs, Yellowstone River, Norris Geyser Basin... You can even spot elk herds, buffaloes, or a bald eagle for yourself! We then spend the night in West Yellowstone.

#### Itinerary:

**West Yellowstone → Yellowstone National Park** (7 hours, stop at Norris Geyser Basin, Steamboat Geyser, Upper Falls, Artist Point, Canyon Village, Hayden Valley, Mud Volcano, Old Faithful Geyser, Fountain Trail, Morning Glory and other attractions. The arrangement of attractions will be adjusted according to the actual situation of the day)

#### Notes:

1. The East Gate of Yellowstone National Park is expected to open on 05/02/2026. Before that, the following attractions: Upper and Lower Falls, Artist Point, Hayden Canyon, Mud Volcano, Fishing Bridge, West Thumb Geyser will not be accessible. Please understand.
2. The South Gate of Yellowstone National Park is expected to open on 05/10/2026. Therefore, West Thumb Geyser will not be accessible from 05/02/2026 to 05/09/2026. Please understand.

All day

### **Yellowstone National Park**

Located in the Rocky Mountains, known as the "backbone of America", it is located on the lava plateau between the Northern Rockies and the Central Rockies in the western United States. The geothermal wonders are its hallmark, a primitive landscape of the earth forged by water and fire. The natural landscape in the park is divided into five major areas, namely the Mammoth Area, the Roosevelt Area, the Canyon Area, the Geyser Area and the Lake Area, each with its own characteristics. It exceeds the limits of human art and is the most wonderful and spectacular scenery on the surface of the earth.

### **Yellowstone Norris Geyser Basin**

Norris Geyser Basin, named after an early Yellowstone Superintendent, may be the hottest geyser basin in Yellowstone. The stark, barren landscape of Porcelain Basin is the result of the acidic environment. Due to the hostile condition plants, algae and bacteria have difficulty in establishing themselves. Instead, the basin derives its colors from mineral oxides, in spectrums of pink, red, orange (iron oxides) and yellow (sulfur and iron sulfates). The largest geyser in the world is located here. Steamboat Geyser has long periods of dormancy, but when it does erupt it sends jets of water nearly 380 feet high in a spectacular display.

### **Upper Yellowstone Falls**

The Upper Falls is located 400 meters upstream of the larger Yellowstone Falls. The waterfall falls vertically along the volcanic cliff with a drop of 33 meters. The originally uneven volcanic rocks below the waterfall have been eroded by the waterfall for hundreds of years and have become very smooth.

### **Artist Point**

The scenery here is particularly spectacular. The canyon is more than 300 feet deep. The canyon walls are mainly yellow, mixed with black, red and pink, and clusters of green pine trees. These colors are mixed but not chaotic, looking like a peacock's tail, and also like the pointillism of a romantic painter who applied several layers of color in the same place.

### **Mud Volcano Area**

Located in the eastern part of Yellowstone National Park, not far from the northern part of Yellowstone Lake. Most of the fountains here do not spray water, but mud, and every time they erupt, the ground shakes. Next to the mud volcano, there are colorful grasses that look extremely tender and gorgeous.

Night

Hotel: White Buffalo West Yellowstone; similar

## Day 6

## Yellowstone National Park - Vehicle - Salt Lake City

All day

Join us on this lovely day to discover and continue to explore Yellowstone National Park! Here, you can find everything you expect to see in a National Park! Snow covered mountains, waterfalls, lakes, rivers, canyons, meadows, herds of buffalos, elks and the most amazing geothermal features in the world! Geysers, hot springs, fumaroles, and mud pots are the true wonders that make Yellowstone truly unique. Then, we will back to Salt Lake City to visit the Great Salt Lake.

### Itinerary:

**West Yellowstone → Yellowstone National Park** (3 hours, Stops will be at The Grand Prismatic Spring, Yellowstone Park Palette Fountain Paint Pot, etc. and other attractions. The arrangement of attractions will be adjusted according to the actual situation of the day.) → **Yellowstone Bear World** (Optional, 60 mins) → **Great Salt Lake** (Mandatory, 20 mins) → **Salt Lake City**

Morning

### Yellowstone National Park

Located in the Rocky Mountains, known as the "backbone of America", it is located on the lava plateau between the Northern Rockies and the Central Rockies in the western United States. The geothermal wonders are its hallmark, a primitive landscape of the earth forged by water and fire. The natural landscape in the park is divided into five major areas, namely the Mammoth Area, the Roosevelt Area, the Canyon Area, the Geyser Area and the Lake Area, each with its own characteristics. It exceeds the limits of human art and is the most wonderful and spectacular scenery on the surface of the earth.

### The Grand Prismatic Hot Spring

Also known as the Seven Color Pool, it is the largest hot spring in the United States and the third largest in the world. It is 75-91 meters wide and 49 meters deep, and it gushes out about 2,000 liters of 71-degree hot water every minute. The amazing thing about the Grand Prismatic Spring is that the color of the lake changes with the seasons. In spring, the lake changes from emerald green to golden orange-red, which is due to the algae and pigment-containing bacteria and other microorganisms living in the mineral-rich water. In midsummer, the chlorophyll content is relatively low, so the lake water appears brilliant orange, red or yellow. But in the cold winter, due to the lack of light, these microorganisms will produce more chlorophyll to suppress the color of carotenoids, so the water will appear deep dark green.

### Yellowstone Park Palette Fountain Paint Pot

The Palette is a mud fountain. The mud and rocks contain minerals, which are melted by the acidic hot spring to

form mud. Because the muddy water is very viscous, you can clearly see the slow formation and disappearance of bubbles. The mud around the fountain looks like dried oil paint, making the fountain itself look like a pot of water washed with oil paint, just like a painter's canvas, overflowing with colorful seasonings.

Afternoon Transportation: Drive from Yellowstone National Park to Yellowstone Bear World

Travel distance: 90mi Travel time: 1Hour40Minute

Afternoon

### **Yellowstone Bear World**

Yellowstone Park Bear World is located in Rexburg, Idaho. It was built in 1998 and is the only wildlife sanctuary in Greater Yellowstone that can be driven through. The park offers rare animals for visitors to see, such as grizzly bears, black bears, gray wolves and other precious North American animals. It is said that there are nearly 100 grizzly bears. There are also shops, tour guides and performances such as feeding bears and other small animals.

Afternoon Transportation: Drive from Yellowstone Bear World to Great Salt Lake

Travel distance: 225mi Travel time: 3Hour30Minute

Afternoon

### **Great Salt Lake**

Great Salt Lake, lake in northern Utah, U.S., the largest inland body of salt water in the Western Hemisphere and one of the most saline inland bodies of water in the world. The lake is fed by the Bear, Weber, and Jordan rivers and has no outlet. The lake has fluctuated greatly in size, depending on the rates of evaporation and the flow of the rivers that feed it. Like the Dead Sea, the Great Salt Lake exists within an arid environment and has chemical characteristics like that of the oceans. However, it has a much greater salinity than the oceans, since natural evaporation exceeds the supply of water from the rivers feeding the lake.

Afternoon Transportation: Drive from Great Salt Lake to Salt Lake City

Travel distance: 15mi Travel time: 20Minute

Night

Hotel: La Quinta Inn by Wyndham Salt Lake City Midvale; similar

Morning Breakfast

**Breakfast Included**

All day

Drive to Capitol Hill this morning, and visit the most expensive and magnificent State House in America, Utah State Capitol! Take walk in the State Capitol building, and amazed by the architecture, sculptures and the rich history behind it. Temple Square is our next stop! Follow Mormon Missionary sisters' lead and see the virtue kingdom for LDS church, the Temple Square, and learn the history and teachings of the LDS Church. After the tour, the tour guide will arrange light rail, shuttle or Uber to take you to Salt Lake City International Airport (SLC). Please book a flight departing after 13:00. For guests who wish to end their tour in Las Vegas, please book flight after 19:00.

**Itinerary:**

**Utah State Capitol** (30 mins) → **Temple Square** (40 mins) → **Salt Lake City International Airport (SLC)** → **Las Vegas Harry Reid International Airport (LAS)**

Morning Transportation: Drive from the hotel to the Utah State Capitol and Temple Square

Travel distance: 10mi Travel time: 15Minute

Morning

**Utah State Capitol**

The Utah State Capitol is the house of government for the U.S. state of Utah. The building houses the chambers and offices of the Utah State Legislature, the offices of the Governor, Lieutenant Governor, Attorney General, the State Auditor and their staffs. The capital is the main building of the Utah State Capitol Complex, which is located on Capitol Hill, overlooking downtown Salt Lake City. The Neoclassical revival, Corinthian style building was designed by architect Richard K.A. Kletting and built between 1912 and 1916. The building was added to the National Register of Historic Places in 1978.

**Temple Square**

Temple Square is a 10-acre (4.0 ha) complex, owned by The Church of Jesus Christ of Latter-day Saints (LDS Church), in the center of Salt Lake City. Contained within Temple Square are the Salt Lake Temple, Salt Lake Tabernacle, Salt Lake Assembly Hall, the Seagull Monument, and two visitors' centers. The square was designated a National Historic Landmark District in 1964, recognizing the Mormon achievement in the settlement of Utah.

Morning Transportation: Drive from Temple Square to Salt Lake City International Airport (SLC)

Travel distance: 7mi Travel time: 10Minute

Afternoon Transportation: Drive from Salt Lake City International Airport (SLC) to Las Vegas Harry Reid International Airport (LAS)

Travel distance: 435mi Travel time: 6Hour30Minute
