### Travel tips

#### Enter Metropolitan France:

Since February 12, 2022, the following rules apply at borders: For travelers vaccinated within the meaning of European regulations, no more tests is required on departure.

For unvaccinated travellers, the obligation to present a negative test to travel to France remains, but the measures on arrival (test, isolation) are lifted when they come from countries on the "green" list, characterized by a moderate circulation of the virus.

Depending on your country of origin, you may be subject to screening on arrival, for which you will be requested to facilitate the administrative formalities by completing the form available at the following address:

<https://passager.serveureos.org>.

### Know Before You Book

1. Children not occupying a full bed: Children ages 6 years old and under and less than 1.2 meters in height cannot arrange to occupy a bed, and the tour fee can be reduced. For the detailed price please check with an operator. Charges are provided for seat, parking, and dining. Itinerary fees include tickets for attractions, and do not provide accommodation beds. If children occupy a bed, the child price will be charged as adults.
2. This is a packaged product. All the air tickets, hotels, meals, admission tickets, etc. involved are all in one price except the price specified and cannot be split. For the overseas admission, trains, etc., if it has discount or it is free for children and senior, they cannot be refunded.
3. The itinerary will be subject to traffic and weather.
4. In case of attraction closures (due to holidays or construction, etc.), the tour guide may make some necessary changes to the itinerary accordingly.
5. The temperature difference between day and night in Europe is large, the annual average temperature exceeds 30

degrees for less than two months, and European countries have strong environmental awareness. So far, some hotels in Europe are not equipped with air-conditioning. It is not that the hotel facilities are not up to standard. Please be understanding and aware of this.

6. European hotels emphasize the historical value of the building itself, so some hotels cannot be remodeled due to the architectural theme structure, resulting in different sizes of hotel rooms. If the hotel upgrades individual rooms due to insufficient standard rooms in the hotel, this situation is beyond our control and is not a differential treatment.

7. Please do not smoke in the hotel room. If you smoke, you will be fined according to the regulations of each hotel. The fine is usually between 100-500 Euros. Please be aware.

8. Under special circumstances beyond the control of the company, such as war, political turmoil, natural disasters, severe weather, technical problems in transportation, strikes, etc., the company has the right to cancel or replace any travel items before or after departure. The company also has the right to shorten or extend the journey.

9. If a guest loses any items, the travel agency can assist in reporting the case to relevant departments, but it will not be liable for compensation. Please take care of your valuables and belongings.

10. After the epidemic, the restaurant's dining style needs to be further communicated, and the meal system or buffet should be arranged as much as possible. At that time, the meal standard will be adjusted according to the actual situation. This itinerary is relatively long and Western food takes more time, so Chinese dining arrangements are the main ones.

11. In the event of an exhibition, you will live in a suburban hotel or adjust your accommodation city depending on the exhibition situation.

12. For all guests participating in the European tour, our company will assist in filling in the declaration card of the country of entry and assist in the virus test required for returning to the United States (the test fee is at your own expense).
