The Lone Cypress is a Monterey cypress tree in Pebble Beach, California. Standing on a granite hillside off the 17-Mile Drive, the tree is a Western icon, and has been called one of the most photographed trees in North America. Possibly as old as 250 years.

Fishermans Wharf

Fisherman's Wharf is lined with seafood restaurants ranging from casual, open-air clam bars, to formal indoor dining with views of the bay. Along with Cannery Row, Fisherman's Wharf is one of the few areas in Monterey that sells souvenirs, so the restaurants are interspersed with gift shops, jewelry stores, art galleries, and candy shops. Whale watching tours and fishing trips leave from the wharf, and sea lions often sleep on the pilings, buoys, and moored boats in the bay.

All day

Sundial Bridge

The Sundial Bridge at Turtle Bay is a world-famous pedestrian bridge and public art installation that crosses the Sacramento River in Redding and connects the north and south campuses of Turtle Bay Exploration Park. As the name

suggests, the Sundial Bridge is, in fact, a working sundial and is one of the largest in the world. The sundial shadow traces such a large arc that it can record only four hours a day, from 11am - 3pm. It is not accurate in winter because the shadow is too far into the arboretum to be seen. The bridge celebrates human creativity and ingenuity, important themes of the 300 acre Turtle Bay Exploration Park. The steel, glass, and granite span evokes a sense of weightlessness and the translucent, non-skid decking provides for spectacular viewing at night. The bridge is also environmentally sensitive to its river setting.

Burney Falls

Burney Falls is a waterfall on Burney Creek, within McArthur-Burney Falls Memorial State Park, in Shasta County, California. The water comes from underground springs above and at the falls, which are 129 feet high, and provides an almost constant flow rate of 379 million litres per day, even during the dry summer months. The falls were declared a National Natural Landmark in December 1954. In March 2021, a National Geographic article declared the site to be one of "northern California's most spectacular waterfalls".
