TOUR CODE: W5

DEPARTURE DATE: 2021/06/30-2021/09/05 WED

DEPARTURE CITY: Los Angeles LAS Pick up or Las Vegas

## ITINERARY

### DAY 1 Los Angeles - Las Vegas - St. George

In the morning we will travel along Interstate 15 freeway, passing through the largest desert in North America: Mojave Desert. We will visit the Seven Magic Mountains. In the afternoon we will stop by Las Vegas to take a quick break and then head towards St. George. Stay overnight in St. George.

Seven Magic Mountains: Renowned Swiss artist Ugo Rondinone's colorful large-scale, public artwork Seven Magic Mountains is a two-year exhibition located in the desert outside of Las Vegas, Nevada, featuring seven thirty- to thirty-five-foot-high dayglow totems comprised of painted, locally sourced boulders.

Mojave Desert: Largest desert in North America, crossing four states. On the way you will see the unique Joshua trees as well as the Pacific Railroad serving as the economic vein that connects the East Coast to the West Coast. You will also pass by the mysterious "Ghost Town" during the Gold Rush era and the world's largest solar electric power plant invested by Google.

St. George: The crossroad of Colorado Plateau and Mojave Desert, St. George is popular for winter vacation getaways and an important stop before continuing into Utah.

Hotel: Red Roof Inn

## DAY 2 Antelope Canyon- Horseshoe Bend-Salt Lake City

After breakfast, head to the Colorado Plateau, the only desert plateau. For hundreds of millions of years, the Colorado River and its tributaries that run through the plateau have been washed away and eroded, creating many world-class canyon wonders. The land of global photography enthusiasts - Antelope Caves and Horseshoe Bay - is on this highland dreamland. Stay overnight in Salt Lake City.

Colorado Plateau: The only desert plateau in the United States. After years of erosion from the Colorado River, some of the most stunning nature sceneries had formed here. Red Rocks, arches and mesas decorate this vase landscape with their brilliant colors.

Antelope Canyon: One of the most recognizable and famous natural landscapes in the world and a must see for photography enthusiast. Millions of years of flash flood and natural erosion gifted us these slot canyons, with their smooth wavy curves and gorgeous colors from the sand sandstone, it truly is a wonder of nature.

Horseshoe Bend: Carved by the Colorado River, you can witness the water slowly flowing pass underneath your feet in this horseshoe shape bay as you stand above it on the edge of the cliff.

Hotel: Ramada Inn

## DAY 3 Great Salt Lake - Jackson - Grand Teton NP - Yellowstone NP

In the morning, we will head to the small town of Jackson Hole, Wyoming, a famous frontier town during the Western development. Afterwards we will head into Grand Teton National Park passing by Jackson Lake and stop at an outlook to view the Grand Teton Peak. From there, we will take you into the first national park in the world, Yellowstone National Park. Stay overnight at West Yellowstone.

Jackson Hole: famous frontier town, located at the crossing of Grand Teton and Rocky Mountains, it became a heaven for outdoors sports enthusiast. It is also the third largest artwork exchange location in the world and a popular vacation destination for the wealthy. The widely praised Elk Antler Arches Park, with its four arches made with thousands of elk antlers is a must see.

Grand Teton National Park: one of the most beautiful national parks with its snow-covered mountain peaks year-round and wide range of wildlife ecosystem. It even attracted great writer Ernest Hemingway to fall in love with this place and had been the backdrop for countless Western movies.

Yellowstone National Park: the very first national park in the whole world, Yellowstone attracted countless visitors over the year with its unique geothermal activities and fascinating wildlife. You will find all four different kinds of geothermal activities, geyser, hot spring, fumarole, and mud pot as we take you travel through the park.

Yellowstone Lake (West Thumb): this is the highest altitude volcanic lake in North America. We will take you to walk along the trail beside the lake and see the tranquil lake view plus all the beautiful sites on the way, like Abyss Pool, Black Pool, and Fishing Hole.

Old Faith Geyser: the most famous landmark inside Yellowstone, it is also the logo of the national park, erupting roughly every 91 minutes, this is a must see when you are inside Yellowstone.

Grand Prismatic Spring: the third largest hot spring in the world, it is the most renowned hot spring in the national park. Setting foot into the area will surround you with steam and allowing you an up-close view of the brilliant colors inside the hot spring.

Fountain Paint Pot: walking along this trail will provide you a great view of the light pink color mud pot with its constantly boiling mud bubbles and the fumaroles nearby.

Hotel: White Buffalo

Hotel: White Buffalo

## DAY 4 Yellowstone NP

We will continue our tour inside Yellowstone National Park and stay overnight at Gardiner.

The Roosevelt Arch is a rusticated triumphal arch at the north entrance to Yellowstone National Park in Gardiner, Montana, United States. Constructed under the supervision of the US Army at Fort Yellowstone, its cornerstone was laid down by President Theodore Roosevelt in 1903. The top of the arch is inscribed with a quote from the Organic Act of 1872, the legislation which created Yellowstone, which reads: "For the Benefit and Enjoyment of the People".

Yellowstone Waterfall: you might see the waterfall from afar along the way, but we'll take you one step closer and give you a view right next to the waterfall to experience in person its power.

Artist Point is an overlook point on the edge of a cliff on the south rim of the Grand Canyon of the Yellowstone in Yellowstone National Park, Wyoming. The point is located east-northeast of Yellowstone Falls on the Yellowstone River. Artist Point was originally named in 1883 by Frank Jay Haynes who improperly believed that the point was the place at which painter Thomas Moran sketched his 1872 depictions of the falls. Later work determined that the sketches were made from the north rim, but the name Artist Point stuck.

Hayden Valley is a large, sub-alpine valley in Yellowstone National Park straddling the Yellowstone River between Yellowstone Falls and Yellowstone Lake. The valley floor along the river is an ancient lakebed from a time when Yellowstone Lake was much larger. The valley is well known as one of the best locations to view wildlife in Yellowstone.

Mud Volcano: one of the highest concentrations of mud pots in the national park. See the Mud Cauldron, Dragon mouth spring and Mud Volcano along with a chance of seeing some wildlife in the area.

Fishing Bridge: The original bridge was built in 1902. The Fishing Bridge was historically a tremendously popular place to fish. Angling from the bridge was quite good, since it was a major spawning area for cutthroat trout. It finally became the best place to observe the Yellowstone Trout. Usually, the trout will spawn in this area and jump out of the water during the summertime.

Old Faithful Geyser: the most famous landmark inside Yellowstone, it is also the logo of the national park. Erupting roughly every 91 minutes no matter the weather, this is a must see when you are inside Yellowstone.

Morning Glory Pool Trail: Discover more must-see attractions on the 'Natural Wonders'. This is an easy 1.4 mile (2.8 miles round trip) paved trail in the Upper Geyser Basin that passes by some of biggest geysers in the Upper Geyser Basin, coming to an end Morning Glory Pool. Castle, Grotto, and Riverside geysers are among the main features you will see along the way.

Hotel:Big Rock

## DAY 5 Yellowstone NP - Utah State Capitol - Temple Square-SLC

In the morning we going to Yellowstone National Park and then go to see the State Capitol building and Temple Square of Mormon Church.

Norris Basin: this is the most concentrated location of geothermal activities in Yellowstone National Park. While walking on the trail in this steamy fairyland, you'll be treated to a great view of all the hot springs along the way.

Mammoth Hot Springs is a large complex of hot springs on a hill of travertine in Yellowstone National Park adjacent to Fort Yellowstone and the Mammoth Hot Springs Historic District.

Utah State Capitol: the governor's office is in inside of this building. Sitting on top of the Capitol Hill in Salt Lake City, this building gives you a full view of the city that surrounds it. It is also the icon of the most famous historic landmark of the state.

Temple Square of Mormon Church: this is the headquarter of the Mormon Church and its 15 million followers around the world. It is the center of Mormon history and the location of the famous Salt Lake Temple.
